FOOTBALL OUTLOOK AT ELBA HIGH SCHOOL GROWING BRIGHTER.

The football outlook at Elba High School grows brighter this week after the seemingly gloomy prospects of the past week. The return of Knight, Roberts, Wilkes and Prescott to the fold has lent much joy to local football lovers. Knight is one of the hardest punching fullbacks in this section of the State, and for the past two years has been one of the mainstays of the backfield. Roberts and Wilkes are also good men at any position, and their presence will add weight and brains to the Tiger.

At the outset last week, prospects appeared extremely gloomy, with six letter men of last year's team missing. But with the return to form of the old men on hand and the excellent first-year material on the field, Coach Jarrell is expected to produce another strong team this year. Those mentioned include: Rowell, speedy quarterback, who has played havoc with opposing teams for the past three years; Wise, Seymour, other star backfield performers; Brown and Palomo, hard fighting linemen. The old men back are: Talbot, Fountain, L. English, C. English, J. Lewis, Ham, Pierce, Knight, Roberts, Prescott and Wilkes.

The new men who are expected to strengthen the team include: McCollough, M. English, Paul, Prescott, Lee, Carpenter, Nelson, Jackson, Whitman, Taylor and H. Lewis.

Coach Jarrell comes to Elba from the Atlanta County High School at Prattville, and his record there speaks well of him. He is instilling into his men the style of play which should make them feared by other eleven in this section. With the wealth of material reporting to him, he should have a team that will give opposing teams much trouble. The first game on the Troy schedule is with Oak Hills School on the local field September 30th.

SPROUSE TO ADDRESS TEACHERS HERE SATURDAY.

Scout Executive W. L. Sprouse will address the teachers of Coffee County at the Institute to be held in Elba next Saturday morning. His subject will be: "Scouting and the Rural Boy." Mr. Sprouse is a fluent speaker and widely known over the South where he has been engaged in boys' work for the past fifteen years. He was educated at Peabody College and the University of Tennessee and taught in the public schools of Tennessee and Georgia for eight years. His leadership in Scouting has given the Chattahoochee Council high rank among the Scout organizations of the country.

Supt. J. E. Hudson who is greatly interested in the Scout movement is very anxious to have troops of Boy Scouts and patrols of Lone Scouts formed in every school in Coffee County. A photographic exhibit will be made of Scout activities at the Institute also.

Mr. M. N. Morrow spent Saturday night and Sunday in Troy with his wife and son, Marion Edwin. Their many friends will be glad to know that Marion Edwin is improving as a result of the medical treatment he is receiving there.

Mrs. Doris Tankard, of Hattiesburg, Miss., is spending a few days in Elba as the guest of Mrs. Julia O. Walker.

MEETING WILL BE HELD SEPTEMBER 24, TO DISCUSS TOBACCO-GROWING.

A meeting of farmers in this section of the county who are interested in or who would like to know about the growing of tobacco, has been called for Saturday, September 24th, at 10 o'clock in the court house at Elba.

For several weeks there has been much discussion on the subject of tobacco raising, among business men and farmers here, and many have expressed a desire to know more about it. Local men who are interested in the subject have already secured tobacco growers, Mr. D. H. Bozeman, of Seale, who will be here on the date to tell something of the cultivation. Plans are also being made to have other speakers, who have practical knowledge.

All farmers who are interested are urged to be present on the 24th. The speaker, Mr. D. H. Bozeman, is a well known tobacco grower in this section.

The tobacco will be discussed in this section.

BIRTHDAY CELEBRATION OF MR. GILES HUDSON.

Mr. Giles Hudson was 75 years old on September 1, 1927, when his brothers and sisters and children and grand children gathered at his quiet and beautiful home in the tall oak near Oak Hills School to celebrate the event. Many of his neighbors and friends joined the host of relatives on this occasion. A long table was spread in the big yard in front of the house, and this table was filled with good cake and fruit. Mr. Hudson was made happy as level ones and friends extended their congratulations and good wishes for many happy returns of the annual occasion.

There is some interesting history connected with the Hudson family. Mr. Giles Hudson is a son of Mr. John Hudson, who came to this country with his uncle when a boy. He came from Sumter District, S. C.

His uncle was Mr. Jim J. Johnson, father of the late Isaac J. Johnson. Mr. J. Milton Johnson, Mr. John Johnson, Mr. Lumb Johnson, Mr. Dan Johnson, and others. Many of this Johnson family still reside in Coffee County.

Mr. John Hudson married the daughter of Mr. Sampson Brannen, namely, Cynthia Brannen. She was a sister of Mrs. Cady Beck, Mrs. S. L. Beck, Mrs. C. M. Cook, Mrs. William Rushing, of Mr. Harris Brannen, and Mr. Joseph Brannen and others.

It may be interesting to state in this connection that the father and mother of Mr. Sampson Brannen lived and died in Coffee County. He was buried in Hudson-Brannen family grave yard near the home of Mr. Giles Hudson and near Shiloh Church on the Elba-Bullock highway.

The great grandfather of Mr. Hudson lived to be 117 years old, and the great grand mother lived to be 118 years old. Others of the Brannen family have lived to be over 100 years of age. Perhaps the Brannen family is the pioneer family of Best 3, and the best is known from the organization of the County as Brannen.

Mr. Y. E. Polson and daughter, Kathleen, of Florida, spent Sunday at Elba. They were accompanied here by Miss Susan Polson.

Mr. and Mrs. Dial and daughter, Dolly, were visitors to Dathan Saturday afternoon.

Mr. and Mrs. John Sawyer and children, and Mr. Bob Herring spent Sunday in Andalusia.

Mrs. Evans Gissendancer and baby, of Pinckard, are visiting Mr. and Mrs. Bob Jones.

Mr. and Mrs. Seth Ward spent Monday with Mr. and Mrs. E. M. Dismuke, enroute to their home in Mobile.

LOVELY PARTY AT FLEMING'S MILL.

On Wednesday afternoon, Mr. and Mrs. E. M. Dismuke, Mesdames Lewis Jones, Charlie Carney, J. B. Woodall and Austin Harris, gave a lovely picnic at Fleming's Mill complementing Miss Glennie Dismuke. A host of relatives and friends were present.

The party left here in cars about five o'clock, and upon arrival at the mill, delicious chicken was served over a camp fire, and spread with a picnic lunch. Afterwards held watermelon.

WARD-DISMUKE WEDDING OF INTEREST.

A marriage of much interest was that of Miss Glennie Dismuke of Elba, to Mr. Seth Morrow Ward, of Mobile, which was beautifully solemnized at the home of the bride, Friday evening at 8:30 o'clock. A host of relatives and friends were present.

Rev. M. T. Moore, pastor of the Methodist church performed the impressive ring ceremony. The home was beautifully decorated with red, orange and ferns, with tall green

Contract Closed For Steam Heating Plant At School Buildings

The buildings of the Elba Public Schools, both the new High School building and the Grammar School building, are to be equipped with steam heat. This announcement was made early yesterday morning, following a meeting of the City Board of Education, held Tuesday night, at which time the contract was made.

This announcement will be received with genuine interest by patrons of the school, and is one of the most important movements for the benefit of the schools made in some time.

In the past the several rooms in both buildings have had only heaters to protect the children from the cold, and this has been very unsatisfactory. Children, both young and older ones, have suffered on account of the poor heating system.

According to plans already drawn up, a large furnace room will be built between the two buildings, and the steam will be carried to both buildings. The system used is known as the vacuum system. All equipment will be thoroughly modern, and will be installed by experts. The contract for the heating system has been let to Mr. O. F. Kingsley, of Oak.

The new system will cost approximately \$7,500.00, and will be ready for use early in the month of November, according to announcement.

The School Board is to be congratulated on their forward step in providing comfort for the boys and girls of the Elba Schools.

More Nitrogen Taken From Air By Planting Of Winter Legumes

The practice of taking nitrogen from the air rather than importing it or buying it in synthetic form is becoming more general in Alabama by increasing the acreage in winter legumes. In 1915 only 1,335 pounds of hairy vetch seed were planted in the state. Two years later, 1920, the amount had increased to 10,470; in 1922 to 149,465; in 1924 to 399,417; and in 1926 it was around 600,000. This year a still higher mark will be reached.

The Alabama Farm Bureau alone will handle considerably more than 600,000 pounds.

Many vetch and other winter legumes are valued chiefly for soil improvement because of the large amount of nitrogen and humus they add to the soil. To some extent they are used for grazing and for hay—either alone or in combination with oats.

The planting season begins with the early fall and experiments at Auburn have shown that early planting is best. The last half of September and the first half of October is the best planting season.

In addition to planting early, county agents are stressing the importance of inoculation and of deep planting. Two or three inches is preferred. It is stated, in the depth of the soil, to weather conditions at this season.

The Coffee County Farm Bureau has some seed on hand and if there are any farmers who have not given orders for seed yet, you can get some by writing your County Agent, if you like to do this before they are gone. It is a small thing.

Berla Bell Weevil Fight Now!

If all Coffee County farmers will turn under their cotton stalks now while they are green yet will do a great deal of good toward fighting the boll weevil for next year's crop. The boll weevil, turned under with the stalks and with the hot dry fall weather will starve out the boll weevil. Unless we do this, and should we have a mild winter we will stand a slim chance making cotton in Coffee County next year with a big supply of weevils on hand to start with. Each farmer who turns under his stalks will help his neighbor, so cooperation in this will help a great deal.

W. M. RAY, County Agent.

Rainer Motor Company Will Give Big Fight Matinee Thursday Night

Rainer Motor Co., Radio dealers, will give their friends a free Radio party at the Bullard Drug Store in the May Block, tonight (Thursday), when complete returns from the Dempsey-Tunney fight will be broadcast from one of their latest receiving sets. The machine will be tuned in with the ring side in Chicago, and with favorable weather conditions fans at Elba should get a good view of how the big fight is going at all times.

Lamar Rainer invites all his friends to come to the party, and his guests on Thursday night.

Wagons and Buggies Must Carry Lights When On Highways

Montgomery, Ala., Sept. 16.—Cotton wagons, farm wagons of all kinds, buggies, carts and all horse-drawn or mule-drawn vehicles when traveling the public highways in Alabama during the hours of night must carry a lantern, or other white light, so placed that it will be discernible both from the front and rear.

Commissioner of Maintenance John S. Turner of the state highway commission, calling attention Wednesday to the fact that this rule of the road is laid down in the Alabama highway code recently enacted, declared that it must be strictly complied with, and is now in full force and effect, the same as rules governing the regulation and position of lights on automobiles, state, county and municipal, vested with police power, are charged with the duty of seeing that it is complied with.

In recent weeks, reports have been made to move the public highway to the fact that this rule of the road is laid down in the Alabama highway code recently enacted, declared that it must be strictly complied with, and is now in full force and effect, the same as rules governing the regulation and position of lights on automobiles, state, county and municipal, vested with police power, are charged with the duty of seeing that it is complied with.
